Keys to Success:

- Proven prior implementation of planning efforts
- Effective and engaged leadership
- Engaged community and public participation

Keys to Success:

- Recognizing the value of the planning process
- Effective description of targeted area of comprehensive community revitalization
- Alternative plans to move forward with community solutions if not designated

Barriers to Success:

- Viewing the program as a grant program rather than a designation program.
- Variations in mission and strategies amongst partners
- Lack of cohesion between previously completed projects and proposed projects
- No evidence of collaborative efforts with variety of public and private partners
